Connection fee of \$1,000.00 must be paid before construction begins.

- All installation expenses for a new service line from the "curb box" to the house, business, etc. will be the owner's responsibility. The Village of Pewamo is responsible for the installation and expense of water and sewer lines from the main to the property line or right of way line when pertaining to out lots. The resident or business is responsible for installation and expense of water and sewer lines from the property line or right of way line when pertaining to out lots to the business or residence. (Water Ordinance 2009-02)
- Utilities to be bored under Village streets whenever possible.
- IF open cut in roadway is required, it should be handled as follows:
 - Saw cut section to be excavated
 - Sand backfill to be COMPACTED in one foot lifts
 - Top 3 feet of trench to be wedged one foot and four feet with 23A gravel
- Service must be at least a 1" copper service pipe from curb stop to water meter.
- No metal fittings to be used
- Meter will be provided and inspected by Village of Pewamo DPW, but must be installed by a certified plumber.
- All connections made to Village utilities must be approved in advance and inspected by the DPW Supervisor before final backfill.
